

Catherine Stiller RCC-ACS

With over 20 years of experience, Catherine Stiller believes in the importance of clinical supervision as a pillar of good practice, both for clients and counsellors. Catherine believes in working collaboratively with her supervisees to provide clinical person of the therapist support. A flexible approach with an emphasis on understanding the needs of the counsellor is key to Catherine's supervision style. Her focus in on individual adult therapy with clients of all ages. Clear conceptualization of complex cases is a strength she brings to her supervision relationships.
