I have been in practice for over 30 years and have worked with all age groups in the areas of sexual abuse, domestic violence and addictions. I am a skilled group facilitator as well as providing individual counselling sessions.

I have provided clinical supervision for individuals and groups working in the areas of trauma counselling, couples counselling and addiction. I have worked extensively in the field of addiction with both family members and those struggling with addiction.

I also have several years of experience working in Indigenous communities and am familiar with Coast Salish culture and the considerations one needs to make when offering counselling within that culture.

I have a broad range of experience which allows me to offer supervision to a large cross-section of individuals and groups.

I am also a registered Art Therapist with the American Art Therapy Association so can provide supervision for individuals who are interested in obtaining registration with the American Art Therapy Association.
