I have 23 years as a counsellor and have been an RCC since 2017. I have had a Private Practice since 2017 and am a District Resource Counsellor for Surrey School District. With this broad range of experience, I work with people from 5 - 80 years. While I do mostly individual sessions, I also work with couples. Currently, I run 6 Peer Consultation Groups and am a member of one Peer Supervision Group and am an active member in the White Rock Counselling Co-op.

I am interested in continued growth through my Peer Supervision Group, professional reading and courses, webinars and conferences. All these help direct and develop my interests in furthering my counselling skills.

I will be running one on one Supervision and Consultation and Group Supervision and Consultation. For those interested in becoming a Registered Clinical Counsellor or having supervision and consultation in their current counselling practice, feel free to contact me.

Area of Supervision:

- Clinical Supervision
- Clinical Consultation
- Group Supervision
- Peer Supervision
- Peer Consultation

Type of Services

- Telephone
- Online/Remote
- In-Person
