

Dr. Elizabeth Bradley RCC-ACS

Business City:

Victoria

Website:

waypointcounselling.ca/counsellors/dr-elizabeth-bradley/

I trained in the UK where I completed my Doctorate in Clinical Psychology. I have over 10 years of clinical experience in talking therapies and 8 years experience supervising varying clinicians in multidisciplinary teams.

Since 2019 I have been living in Canada, running a private practice as a Registered Clinical Counsellor and working as a clinical supervisor in a community counselling service. I have been the primary supervisor for dozens of trainee counsellors completing their practicums, offering both one to one and group supervision. I also enjoy supervising the work of qualified counsellors.

I specialise in working with adults and using psychodynamic, relational, systemic and trauma informed therapies. I also hold additional qualifications in Cognitive Behavioural Therapy and Dialectical Behavioural Therapy.

Area of Supervision:

- Clinical Supervision
- Clinical Consultation
- Group Supervision
- Peer Supervision
- Peer Consultation

Type of Services

- Telephone
- Online/Remote
- In-Person
