I have been working as a clinical counsellor since 2009 with many diverse communities and settings. Before moving to the Salmon Arm area, I lived and worked in North Vancouver, Vancouver and the DTES.

As a clinical supervisor, I am grateful to support my peers, as well as counselling practicum students on their journey.

My approach to supervision is heartfelt and based in trauma-awareness. I have my own supervisor who supports me and in-turn, my supervisees as challenges arise.
