Williams Lake (office),

Vancouver (virtual)

My name is Jennifer Hanson. I have worked in mental health and addictions for over twenty years and have held my Registered Clinical Counsellor designation since 2012. In the last several years, I have been privileged to offer supervision, supporting students develop their counselling skills, as well as colleagues and employees within my own practice (Open Circle Counselling) and at Foundry Cariboo Chilcotin, where I am the clinical supervisor.

In my supervision work, we titrate the supervision based on the clinician's developmental needs. Students need more support and direction, whereas seasoned clinician's are able to be more self-directed and incorporate Person of The Therapist work into our time together.

Generally, my experiences are very diverse, ranging from Forensic Psyc, to Addictions, inpatient and outpatient, and extensive experience working with children and youth. I have certifications in several types of therapy, including EMDR, IPT, DBT, EFFT, CBT - among more, although my home base is Person-Centered. I am skilled at working with a number of issues, such as depression, anxiety, trauma, gender diversity, addictions, separation/divorce, - among more.

My physical office is located in Williams Lake, BC; however, I offer virtual supervision for clinician's provincially.
