Clinical Counsellor Engagement and Supervision of Graduate Practicum Students

- Demonstrate effective verbal and non-verbal communication to establish rapport.
- Discuss with the client the rationale, purpose, and procedures associated with the screening and assessment process to facilitate client understanding and cooperation.
- Assess client's current situation, including signs and symptoms of intoxication and withdrawal, by evaluating observed behaviour and other available information to determine client's immediate needs.
- Administer the appropriate screening and assessment instruments specific to the client's age, developmental level, culture, and gender in order to obtain objective data to further assess client's current problems and needs.
- Obtain relevant history and related information from the client and other pertinent sources in order to establish eligibility and appropriateness to facilitate the assessment process.
- Screen and assess for physical, medical, and co-occurring disorders that might require additional assessment and referral.
- Interpret results of data in order to integrate all available information, formulate diagnostic impressions, and determine an appropriate course of action.
- Develop a written summary of the results of the assessment in order to document and support the diagnostic impressions and treatment recommendations.
