Welcome to my Bio!

I am an ideal supervisor for someone who thinks outside the box and is fluid and flexible. I like to expand thinking and support the development of your strengths by building on self-reflection and awareness.

Areas I am comfortable supervising:

- neurodivergence
- children/teens
- families
- personality disorders
- couples
- Family Law matters (incl high conflict)
- working in private practice
- starting a counselling clinic

I run/own a private practice clinic in North Vancouver. I have supervised several practicum students, within peer supervision groups, and colleagues that seek out peer consultation.

I started my career in trauma, with training in somatics, EMDR, EFT, and Hypnotherapy for adults. I also worked with children and have training in sand tray, expressive play, and EMDR for kids with dissociation. I am trained in psychedelic-assisted psychotherapy, family law (parenting access reports, family mediation, and collaborative divorce).

I work from a BPS, integrative approach.

Area of Supervision:
